

ILLUSTRATIVE REPORT OF THE BOARD OF DIRECTORS, PURSUANT TO ARTICLE 125-TER OF CONSOLIDATED LAW ON FINANCE, AND CONCERNING THE EIGHTH ITEM ON THE AGENDA OF THE ORDINARY SHAREHOLDERS' MEETING OF BREMBO S.P.A., CALLED ON 23 APRIL 2020(SINGLE CALLING)

8. Report on 2020 Policy regarding remuneration and fees paid

8.1 Examination of Section I drafted pursuant to Art. 123-ter paragraph 3 of Consolidated Law on Finance (TUF). Resolutions pursuant to art. 123 paragraph 3-bis and 3-ter of TUF.

8.2 Examination of Section II drafted pursuant to Art. 123-ter paragraph 4 of Consolidated Law on Finance (TUF). Resolutions pursuant to art. 123 ter paragraph 6 of TUF.

Shareholders,

With reference to the eighth item on the Agenda, you are invited to analyse Brembo Report on Policy regarding remuneration and fees paid drafted pursuant to Article 123-ter of TUF and set forth in full in **Attachment 1.**

During the 2019 financial year, the regulation of the remuneration report contained in Art. 123-ter of TUF has been partially modified by the Legislative Decree No. 49 of 10 May 2019 (Decree), which has acknowledged the Directive (UE) 2017/828 of the European Parliament and of the Council of 17 May 2017, that amended the Directive (UE) 2007/36 regarding the encouragement of a long-term shareholders commitment. These new provisions shall apply to the reports to be published with reference to the shareholders meetings for the approval of financial statements of financial years beginning on 1 January 2019.

Among the most important amendments introduced by the Decree (to Art. 123-ter paragraph 3-ter of TUF), the most significant are the introduction of the binding vote for the first section of report (Remuneration's policy) and the non binding vote on the second section (paid fees).

Therefore the shareholders are invited to express two different votes: one binding for the remuneration policies and the other one non-binding on the report on the paid fees.

It should be noted that, pursuant to Article 123-ter, second paragraph of TUF, on 9 March 2020, the Board of Directors approved the Remuneration Report, in concert with the Remuneration & Appointments Committee, which previously examined it on 3 March 2020 and therefore made it available to the public in accordance with law.

This report consists of two sections:

- The SECTION I illustrates:
 - a) Brembo (the Company) policy on remuneration for members of the governing bodies, general managers and key management personnel with reference to at least the following year and, without prejudice to the provisions of article 2402 of the Italian Civil Code, of the components of the controlling bodies;
 - b) the procedures used to adopt and implement this policy.
- The SECTION II illustrates:
 - a) a suitable explanation of each item of the remuneration, including the treatments provided for in the event of cessation of office or termination of employment, highlighting the coherence with the company's policy in terms of remuneration relating to the 2019 policy.

- b) an analytics explanation of the fees paid 2019 by the Company and by the Subsidiaries in any way and in any form by indicating any component of the above-mentioned fees that refer to activities performed in years prior to that of reference, in addition to highlighting the fees to be paid in one or more subsequent years in exchange for the work performed in the year of reference, potentially specifying an estimated value for components that cannot objectively be quantified in the year 2019.
- c) an explanation on how the company has taken account of the vote expressed the previous year on the second section of the report.

Taking into account of the fact that from the date of this report, CONSOB has not enacted the disposition of implementation pursuant to Art 123-ter of TUF, the Report's contents were defined in compliance with Attachment 3A, Table 7-bis, of the Rules for Issuers, introduced by Consob Resolution No. 18049 of 23 December 2011.

The report also includes the disclosure of interests held in the Company and in its subsidiaries, as required under Article 84-quater, paragraph 4, of the Rules for Issuers.

Pursuant to Article 123-ter of TUF, the full text of the Remuneration Policy is made available at the Brembo S.p.A.'s registered office in Curno (Bergamo), Via Brembo 25, on the corporate website www.brembo.com, Company Section, Corporate Governance, Remuneration Policies, as well as through the mechanism for the storage of regulated information (www.1info.it). This Report, to which you are referred, will be included in the Session Briefing to be provided to all the participants attending the Shareholders' Meeting.

Now therefore, in light of the foregoing, we submit for your approval the following:

Introduction

Brembo's Remuneration Policy is defined taking into account the Group's medium/long-term strategic direction, in order to assure attraction and retention for all the key roles with the necessary credentials and skills to ensure that value is created for all stakeholders, including shareholders, employees, customers and suppliers.

The positive performance and continual growth path experienced by the Group in recent years is a factor that also confirms the adequacy of the remuneration tools adopted in pursuit of company goals. In this process of consolidation, 2019 saw a change in the composition of the Board of Directors following the resignation for personal reasons of Andrea Abbati Marescotti from his position as Chief Executive Officer and General Manager. As of 1 July 2019, the Board of Directors co-opted Daniele Schillaci, pursuant to Article 2386 of the Civil Code, as Director and appointed him Chief Executive Officer, vesting him with all related powers. Subsequently, the Ordinary General Shareholders' Meeting held on 29 July 2019 confirmed his appointment through to the end of the term of the current Board of Directors.

The identification of such a high-calibre profile as that of Daniele Schillaci demonstrates Brembo's intention

to continue to have a Board of Directors featuring a broad mix of expertise and a variety of top-level professional skills, just like the Board currently in office, that can continue to support the Group on its own growth path.

In light of what has happened, the Remuneration & Appointments Committee has continued its mandate seeking to give continuity to the aims, principles and tools of the Group's Remuneration Policy, choosing to work with a view to developing an ongoing dialogue with stakeholders, aware that this key element is central to the Group's remuneration policy. In fact, Brembo attaches great importance to constant interaction, throughout the year, with the main beneficiaries of its remuneration policies and with its investors, in order to ensure ongoing improvement in the adoption of market best practices, drawing helpful inspiration from various stakeholders.

In line with Brembo's values and business strategy, and in keeping with the past, a Remuneration Policy has been drawn up aimed at:

This Report on the Remuneration Policy and Remuneration Paid is the result of the efforts devoted to providing with a transparent, complete account of the criteria adopted to compensate the Group's personnel and recognise their contribution in the achievement of corporate targets, by ensuring that it has the tools needed for a thorough assessment of the Company and for the informed exercise of rights.

In addition, Brembo has always complied with applicable laws, regulations and recommendations of the Corporate Governance Code for Listed Companies, which it has fully adopted in order to ensure that its Corporate Governance mechanisms function properly.

In particular, the Report on Remuneration Policy and Remuneration Paid is structured as follows:

- **SECTION I:** this section refers to the members of the Governing Bodies, General Managers and Key Management Personnel and contains information about the principles and guidelines according to which Brembo S.p.A. sets its remuneration policy, in addition to information about the procedures used

to adopt and implement that policy. This section describes in a clear, transparent and intelligible way, the general principles and purposes pursued, information regarding the governance of the process aimed at defining Brembo's Remuneration Policy with details of the main Bodies and Parties involved, as well as information on the purposes, tools and recipients of the said policy.

Section I of the Report on Remuneration Policy and remuneration paid, in accordance with the provisions of Legislative Decree No. 49 of 10 May 2019, is subject to the binding vote of the Ordinary Shareholders' Meeting, called to approve the 2019 Financial Statements.

- **SECTION II:** organised into two parts and audited, in accordance with the provisions of Legislative Decree No. 49 of 10 May 2019, by the firm EY S.p.A., appointed to perform the audit. The first of these contains an illustration of each of the components of remuneration paid to the members of the Board of Directors, the members of the Board of Statutory

Auditors and Key Management Personnel in 2019, in accordance with the Remuneration Policy adopted for that year. The second provides a detailed account of the compensation paid during the reporting year, in any capacity and form, by the Company and its subsidiaries and associates, using the tables annexed to the Report, which are an integral part thereof.

Section II of the Report on Remuneration Policy and remuneration paid, in accordance with the provisions of Legislative Decree No. 49 of 10 May 2019, is subject to the advisory vote of the Ordinary Shareholders' Meeting, called to approve the 2019 Financial Statements.

The two Sections are supplemented with additional context-related information to enable the market and Investors to read the remuneration information contained in the Report together with the Group's strategic guidance and sustainability, with a view to understanding the main drivers that allow Brembo's

Remuneration Policy to contribute more fully to the pursuit of long-term value creation for all its stakeholders.

It should be noted that, since at the date of this report Consob has not yet issued the implementing provisions provided for by Article 123-ter of TUF, the content of said Report has been defined in accordance with Attachment 3A - Scheme 7-bis of the Rules for Issuers introduced by Consob Resolution No. 18049 of 23 December 2011.

This Report, pursuant to Article 123-ter of TUF (Article introduced into Legislative Decree No. 58/1998 through Legislative Decree No. 259/2010 as amended by Legislative Decree No. 49/2019), was approved by the Board of Directors, on the proposal of the Remuneration & Appointments Committee, during the meeting held on 9 March 2020 and has been made available to the public at Brembo's registered offices and on the Company's website (<https://www.brembo.com/en/company/corporate-governance/remuneration-policies>).

Section I

The main objective of the Group's Remuneration Policy is to ensure the active engagement of Directors, particularly Directors with executive powers, and of the top managers, by favouring the alignment of their individual interests with those of stakeholders from a medium-to-long-term perspective. The goal remains to support growth and create value through a constant assessment of individual and company performance,

with the aim of contributing to keeping profitability and productivity levels high for the entire Group. In addition, Brembo has always paid particular attention to designing its Policies so that they are in line with the business values and strategies and are, at the same time, able to ensure a competitive position in respect of the reference market and fairness for all its employees.

1. Information on the Procedures Applied for the Adoption and Implementation of the Remuneration Policy

1.1. Scope and recipients

As in previous years, the Remuneration Policy continues to be in line with corporate values and consistent with regulations and stakeholders' expectations, and has the dual objective to:

- define a remuneration system based on ethics, quality, proactivity, belonging and enhancement, and able to both attract and retain human resources who, thanks to their talent and excellent professional skills, can successfully manage and operate within the Company;
- motivate those resources to achieve increasingly challenging performance targets in view of a constant improvement, also through the adoption of incentive schemes designed to orient them towards the fulfilment of strategic business objectives, hence creating value in the medium/long term and

contributing to align the management's interests and shareholders' expectations.

To facilitate this alignment, the Policy envisages that part of the Management's remuneration be linked to the achievement of performance objectives — which are set and established in advance — through a Management by Objectives (MBO) annual Incentive Plan and a Medium/Long Term Incentive Plan (LTIP).

The Policy is defined through a formalised process (see section 1.6) involving the Remuneration & Appointments Committee, the Board of Directors, Key Management Personnel, the Group's Human Resources & Organisation Department, the General Shareholders' Meeting and the Board of Statutory Auditors.

In detail, areas of responsibility are as follows:

Recipient	Decision-making body	Proposing body	Technical body	Advisors, if any
Chief Executive Officer	GSM, BoD	Remuneration & Appointments Committee	Human Resources & Organisation Dept.	Mercer
Executive Directors				
Key Management Personnel				
Non-Executive Directors				
Board of Statutory Auditors	GSM	Shareholders	Administration & Finance Dept.	

1.2. Remuneration & Appointments Committee

Pursuant to the provisions set forth in Borsa Italiana's Corporate Governance Code, which Brembo S.p.A. fully complies with, in February 2001 the Company's Board of Directors established the Remuneration Committee, which later became the Remuneration & Appointments Committee, **made up of a majority of non-executive, independent Directors and chaired by an Independent Director**. The Board of Directors also defined its tasks and powers.

The Committee's composition, meetings, objectives, tasks and activities illustrated hereunder **are fully compliant with the recommendations of the 2018 version of the Corporate Governance Code**.

Pursuant to Article 2389, paragraph 3, of the Italian Civil Code, the Remuneration & Appointments Committee

is vested solely with **recommendatory functions**. The power to determine the remuneration of Directors holding special offices is in any event entrusted to the Board of Directors, in concert with the Board of Statutory Auditors and in compliance with the overall remuneration established by the General Shareholders' Meeting.

The current Committee, appointed during the Shareholders' Meeting held on 20 April 2017, will remain in office until the approval of Financial Statements for the year ending 31 December 2019.

The Chairwoman of the Board of Statutory Auditors, R. Pagani, is permanently invited to participate in all the meetings of the Remuneration & Appointments Committee.

- establish the overall remuneration for the Board of Directors and the Board of Statutory Auditors;
- express a binding vote on Section I of the Report on Remuneration Policy and Remuneration Paid (Remuneration Policy);
- express an advisory vote on Section II of the Report on Remuneration Policy and Remuneration Paid (Implementation of the previous year's Remuneration Policy).

1.5. Possible Attendance of Independent Experts

Brembo also establishes its policies and verifies its remuneration structure based on the analyses conducted with the support of consultants on market benchmarks consisting of a group of comparable peers operating in the same industry that are deemed comparable in terms of both size and business activity.

In addition, Brembo monitors trends and best practices on the Italian market.

Mercer and Willis Towers Watson advised Brembo by providing methodological support and market benchmarks on compensation and executive compensation.

1.6. Process for the Policy Definition and Approval

The Remuneration & Appointments Committee submits the motion on Remuneration Policy to the Board of Directors for approval. The Group's Human Resources & Organisation Department supports the Remuneration & Appointments Committee in drafting the Report by providing market information about practices, policies and benchmarks to help improve the policy and to involve relevant independent experts, if needed.

Upon proposal from the Remuneration & Appointments Committee, which in turn can ask for the support of the Group's Human Resources & Organisation Department, the Board of Directors prepares and adopts the Remuneration Policy, making it part of internal company rules and regulations. It specifically determines the contents of the paragraphs regarding the Remuneration Policy for members of the Board of Directors (paragraph 2.2), the members of the Board of Statutory Auditors (paragraph 2.3), and the Group's incentive plans (paragraph 2.4). Pursuant to the By-laws, as concerns the Remuneration Policy for Directors holding special offices, the Board of

Directors takes into account not only the proposals from the Remuneration & Appointments Committee, but also the opinion of the Board of Statutory Auditors. Once the Board of Directors has examined and approved the Remuneration Policy, the latter is submitted to the General Shareholders' Meeting and is made available by publishing the Report on Remuneration Policy and Remuneration Paid at least 21 days prior to the date on which the General Shareholders' Meeting is convened.

This complete Report and specifically Section II was previously examined by the Remuneration & Appointments Committee on 3 March 2020 and subsequently approved by the Board of Directors on 9 March 2020.

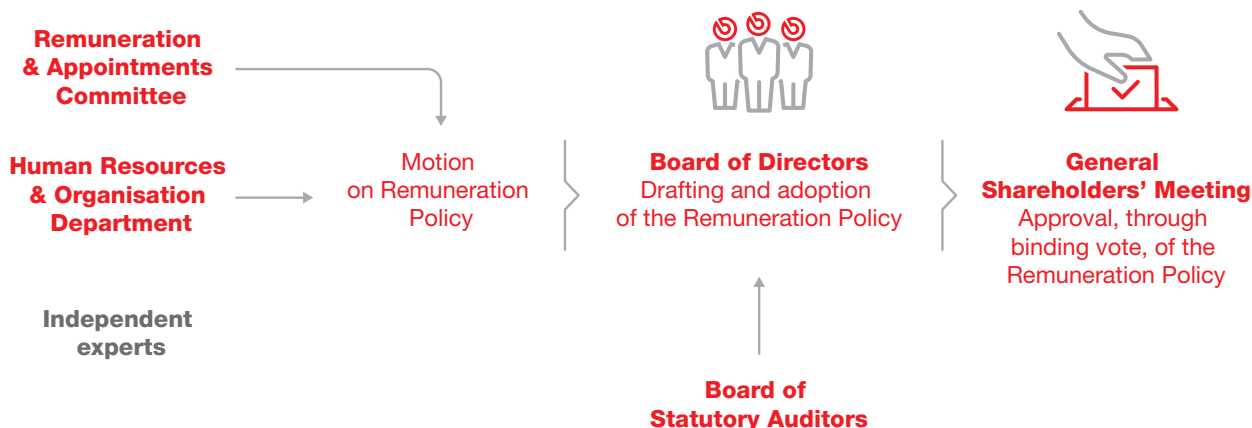

In accordance with the provisions of Legislative Decree No. 49 of 10 May 2019, Brembo has also adopted a process for the temporary exemption from its Remuneration Policy, in the event of exceptional circumstances, where such an exemption is required

in order to pursue the Group's long-term interests and sustainability as a whole, or to ensure its ability to remain on the market.

The Remuneration & Appointments Committee, supported by the Human Resources & Organisation Department, is the body tasked with verifying whether such exceptional situations exist and formulating the proposals for temporary exemption from the Remuneration Policy to the Board of Directors, which has been identified as the body delegated to approve such temporary exemption.

Any exemptions, which may concern one or more Remuneration Policy elements, described in this Report, will be disclosed in the subsequent Report on Remuneration Policy and Remuneration Paid, together with the reasons that led the Company to avail itself of such an exemption.

The Related Party Transactions Procedure¹, in its most recently version approved by the Board of Directors on 10 May 2016, does not apply to the decisions of the General Shareholders' Meeting pursuant to Article 2389, paragraph 1, of the Italian Civil Code concerning the remuneration for members of the Board of Directors and the Executive Committee (if appointed), decisions concerning remuneration for Directors holding special offices that fall within the scope of the total amount set in advance by the General Shareholders' Meeting in accordance with Article 2389, paragraph 3, of the Italian Civil Code, and the decisions adopted by the General Shareholders' Meeting pursuant to Article 2402 of the Italian Civil Code concerning Statutory Auditors' remuneration. Moreover, the Related Party Transactions Procedure also does not apply to decisions on share-based remuneration plans approved by the General Shareholders' Meeting of Brembo S.p.A. pursuant to Article 114-bis of TUF and the related implementation measures.

¹ On 12 November 2010, Brembo adopted a Related Party Transactions Procedure that, as required, is updated and approved in accordance with applicable statutory and regulatory provisions in force.

2. Details of the Company's Remuneration Policy

2.1. Contents of the Policy

The Board of Directors has defined a Remuneration Policy for Executive Directors, other Directors holding special offices and Key Management Personnel (Principle 6.P.4 of the Corporate Governance Code), taking into account market practices, especially those adopted by Italian multinationals with reference to Executive Compensation.

In order to enhance its market competitiveness and potential for staff retention, the Company seeks to align its executive compensation practices by comparing its position with those of companies that are similar in terms of value creation.

Operational Criterion 6.C.1. of the Corporate Governance Code (2018 version)

In defining the Policy, the Board of Directors took into account the following principles and criteria (Operational Criterion 6.C.1 of the Corporate Governance Code):

- The fixed component and the variable component shall be adequately balanced as a function of the Issuer's strategic objectives and risk management policy, also considering the issuer's business segment and the characteristics of the business activity conducted in actual practice.
 - Maximum limits shall be set for the variable components.
 - The fixed component shall be sufficient to compensate Directors for their services in the event that the variable component is not paid due to failure to meet the performance objectives set by the Board of Directors.
 - The performance objectives – i.e., the economic performance and any other specific objectives to which the payment of variable components is linked – are pre-determined, measurable and linked to the creation of value for Shareholders in the medium/long term.
 - Payment of a significant portion of the variable remuneration shall be deferred for an adequate period of time after it accrues; the amount of that portion and the term of deferral shall be consistent with the characteristics of the business activity conducted and the related risk profiles.
-

The information provided below indicates the main features of the Remuneration Policy, in terms of elements of the remuneration package and their definition, for the following groups:

- Directors not holding special offices;
- Directors holding special offices;
- Key Management Personnel;
- Members of the Board of Statutory Auditors.

2.2. Remuneration of Members of the Board of Directors

On 20 April 2017, the General Shareholders' Meeting, in keeping with previous practice, approved an overall remuneration for the Board of Directors of €4,000,000.

Following the resignation of Andrea Abbati Marescotti from his position as Chief Executive Officer and General Manager and the ensuing waiver of all related powers as of 1 July 2019, as announced on 3 May 2019, the Board of Directors co-opted Daniele Schillaci, pursuant to Article 2386 of the Civil Code, as Director and appointed him Chief Executive Officer, vesting him with all related powers.

Subsequently, the Ordinary General Shareholders' Meeting held on 29 July 2019 confirmed his appointment and approved the increase of the overall annual remuneration of the governing body, inclusive of the remuneration of Directors holding special offices, pursuant to and for the intents and purposes of Article 2389, paragraph 3, of the Italian Civil Code, up to an annual maximum amount of €9,500,000.00 for the remainder of the Board's term of office.

It should be noted that said change had no material impact on individual compensations of Non-Executive directors and statutory auditors currently in office.

The underlying reasons for the increase are set out below:

- to ensure overall remuneration consistent with the reference remuneration market for positions similar to that of Executive Director suited to attracting and retaining high-profile candidates such as that of the new Chief Executive Officer Director Schillaci;
- in view of the reappointment of Company Boards and Officers (set to occur with the General Shareholders' Meeting called to approve the 2019 Financial Statements), to establish a Board of Directors

offering a strong mix of competencies and a wide range of high-profile professional skills, comparable to those offered by the Directors currently in office;

- to reserve a residual unused amount to consolidate Governance activities dedicated to the Board of Directors such as, for example, carrying out the Board Performance Evaluation and development of further elements in line with national and international best practices (concerning "engagement" and "stewardship"), with the aim of maintaining Governance in line with stakeholders' expectations.

On the same day, the Board of Directors resolved on the related allocation, after its advance examination by the Remuneration & Appointments Committee and the Audit, Risk & Sustainability Committee on 21 June 2019. In accordance with Article 21 of its By-laws, at its meeting on 29 July 2019, Brembo's Board of Directors allocated said remuneration as described below.

The session of the General Shareholders' Meeting convened for 23 April 2020 to approve the financial statements for the year ended 31 December 2019 will be called upon, among other business, to appoint a new Board of Directors, and thus to approve the overall remuneration of its members pursuant to Article 21 of the By-laws, on the basis of the proposal submitted by the outgoing Board of Directors, including in light of the information and recommendations provided by the Remuneration & Appointments Committee, which expects to confirm the overall remuneration approved by the General Shareholders' Meeting of 29 July 2019 in the sum of €9,500,000.00 per year of their term of office, in line with the policy followed to date and also including the emoluments of Directors holding special offices.

2.2.1. Directors Not Holding Special Offices

Board of Directors	Directors were allocated an annual emolument of €55,000 plus emoluments for any positions held on Board Committees.
Audit, Risk & Sustainability Committee	The Chairwoman of the Audit, Risk & Sustainability Committee was allocated an emolument of €30,000 and Committee members €25,000.
Remuneration & Appointments Committee	The Chairwoman of the Remuneration & Appointments Committee was allocated an emolument of €20,000 and Committee members €15,000.

The Board of Directors further confirmed to pay an additional emolument of €15,000 to Cristina Bombassei for her role as Director in charge of the Internal Control and Risk Management System (ICRMS).

Lastly, the Board of Directors approved an additional emolument of €10,000 for Director Laura Cioli for her role as member of the Supervisory Committee.

It should also be recalled that Director Cristina Bombassei, as Executive of the Company, collects a salary and participates in incentive systems, in accordance with the company policies applicable to respective roles, in addition to the emolument for seating in the Board of Directors.

Director Giovanni Canavotto left the office of System Division Chief Operating Officer in April 2019,

although retaining his role on the Company's Board of Directors until the natural end of his term of office. The management powers connected with his executive role have therefore been revoked, which qualified him as a Non-Executive Director.

Following the best market practices, Directors not holding special offices do not receive any form of variable remuneration. There is, however, a Directors & Officers (D&O) Liability policy to cover the risk of third-party claims arising from their actions in performance of their duties. This policy also extends to any legal expenses.

Lastly, it should be noted that, as of 2017, the Audit & Risk Committee has changed its name into "Audit, Risk & Sustainability Committee".

2.2.2. Directors Holding Special Offices and Key Management Personnel

In preparing the Policy, the Board decided that Directors holding special offices should be subject to a Remuneration Policy in which a significant part of their remuneration is linked to achieving specific performance objectives since they are Executive Directors — with the exception of the Chairman, whose remuneration package only includes the emolument. Such performance objectives are identified and determined in advance, consistently with the guidelines of the general Remuneration Policy drawn up by the Board of Directors (Principle 6.P.2 of the Corporate Governance Code).

It should be recalled that at the meetings held on 6 June 2011 and 10 November 2011, the Board of Directors also identified and again confirmed (during the meeting held on 29 July 2019) the Directors holding special offices as Key Management Personnel in the following positions: the Chairman, the Executive Deputy Chairman, the Chief Executive Officer.

For the Chairman of the Board of Directors, the package resolved on is made up as follows:

- an annual emolument of €1,300,000.

For the other Directors holding special offices and Key Management Personnel the Remuneration Policy provides for a fixed annual remuneration consisting of:

Position	Gross Annual Salary (RAL)	Emolument for the office held	Non-competition Agreement	Fixed component
Executive Deputy Chairman	€1,000,000	€250,000	-	€1,250,000
Chief Executive Officer	-	€1,000,000	€200,000	€1,200,000

In particular, for these positions the Board resolved on a remuneration package as follows²:

² It should be recalled that the Chief Executive Officer is a party to a non-competition agreement, consideration for which is paid over the course of the employment relationship. This amount is hence included in total fixed remuneration.

The Board of Directors is required to assess the performance levels used in the variable remuneration plans, as per the Remuneration & Appointments Committee's proposals.

On the instructions of the Chairman of the Board of Directors, the Remuneration & Appointments Committee must also periodically assess the adequacy, overall consistency and actual application of the general policy adopted for remuneration for Executive Directors, Directors holding special offices and Key Management Personnel (including any Three-Year Incentive Plans, etc.).

The Remuneration & Appointments Committee also monitors the implementation of the decisions taken by the Board, focusing especially on the actual achievement of performance objectives and evaluating the proposed assignment and quantification of variable incentive schemes where objectives are achieved.

The positioning, the composition of the various compensation elements and external competitiveness were analysed based on a study commissioned to Mercer by Brembo's Human Resources & Organisation Department on current remuneration practices and policies for Top Management (especially the role of CEO) that took into account, in particular, the remuneration practices adopted by multinational Italian companies that are comparable with Brembo in terms of value creation.

The remuneration packages for the C-Suite follow the same rationale and philosophy as that used to build the remuneration packages for Directors holding special offices and Key Management Personnel. In practice, these entail a fixed component (RAL), a short-term variable incentive (MBO), a possible medium/long-term component (LTIP) in accordance with the position held, and a benefits package, based on the relevant National Collective Labour Contract and company practices.

2.3. Remuneration of Members of the Board of Statutory Auditors

At the date of preparation of this Report, the Board of Statutory Auditors is composed of the following members:

- Chairwoman: Raffaella Pagani³;
- Acting Auditors: Alfredo Malguzzi and Mario Tagliaferri;
- Alternate Auditors: Marco Salvatore and Myriam Amato⁴.

On 20 April 2017, the General Shareholders' Meeting resolved, also in light of the Decree of the Ministry of Justice's No. 169, dated 2 September 2010 ("Regulation on compensation, indemnities and criteria of expense reimbursements criteria for professional services of certified accountants and bookkeepers") regarding remuneration for Statutory Auditors, to allocate to the Board of Statutory Auditors an overall annual

remuneration of €196,000.00 to be divided among the Chairwoman and Acting Auditors:

- Chairwoman: €84,000
- Acting Auditors: €56,000

The Statutory Auditors are, like the Directors, covered by a Directors & Officers Liability insurance policy.

The General Shareholders' Meeting convened on 23 April 2020 to approve the Financial Statements for the year ending at 31 December 2019 will also be called upon to renew the Board of Statutory Auditors and therefore to redefine, also in light of the indications relating to the quantification of the commitment required that the outgoing Board of Statutory Auditors will ensure to the Board of Directors, the related overall remuneration, that is expected to be in line with that of the previous three-year term of office.

2.4. Variable Remuneration - MBO and LTIP – Allocated to Certain Members of the Board of Directors and other Executives

2.4.1. MBO

The Annual Incentive System (MBO) was designed to motivate its beneficiaries to achieve challenging targets, by recognising individual contributions to the Group's results on an annual basis.

Moreover, as of 2018 the Brembo Group has continued its process aimed at emphasising and focusing on issues relating to sustainability, with the goal of including the key drivers of ESG (Environmental, Social and Governance) factors among the objectives to be assigned to the Group's Top Management.

The 2020 MBO plan was approved by the Board of Directors on 9 March 2020, upon proposal submitted by the Remuneration & Appointments Committee. Its beneficiaries include the Executive Deputy Chairman and the Chief Executive Officer.

Purely quantitative objectives were identified and broken down for eligible employees to encourage the creation of absolute and relative profitability, and the organic growth of the Group. In detail, the following criteria were selected: EBITDA, EBIT, Total Sales and ROI (for the Group); a sustainability indicator (CDP Carbon Score) was also identified with the aim of promoting the application of a long-term sustainable business model. In line with the values that underpin the Remuneration Policy, the focus on environmental and sustainability topics is a strength of the whole Group. This vision is guaranteed by "ESG" metrics in the objectives record and has led Brembo to being recognised by the CDP (Carbon Disclosure Project) as one of the world's leading companies in terms of its commitment and ability to respond to climate change and water resource management.

Failure to achieve the minimum quantitative objectives results in no incentives being paid (proportional to the weight of the quantitative objectives for the beneficiary of the MBO in question). Where better than expected results are achieved, the bonus is increased (proportional

to the weight of the quantitative component for the beneficiary of the MBO in question) using a 4 to 1 ratio, i.e., for every 1% improvement on forecast results, an additional 4% bonus is paid out.

The Group sets a maximum limit for the bonus — at 150% — where target objectives are exceeded. Similarly, project performance bonuses are also subject to a 150% limit.

More specifically, for the MBO established for Brembo's Directors holding special offices and Key Management Personnel, the overall bonus payable may not in any case exceed the 133% on-target bonus.

The MBO is paid based on the Group's consolidated results.

The Company may provide for an option to pay Executive Directors and Key Management Personnel, in exceptional circumstances, entry or retention bonuses during the recruitment phase in order to foster the acquisition and retention of resources possessing specific expertise and top-level professional skills considered necessary to achieve Group objectives.

2.4.2. LTIP

In 2018, the Remuneration & Appointments Committee drew up the new LTIP and on 4 March 2019 the Board of Directors, having consulted the Remuneration & Appointments Committee, approved the 2019-2021 Incentive system and the related Rules⁵.

The structure of the plan for the 2019-2021 period is based on that for the previous three-year period, since the Board of Directors deemed it to be fully consistent with the new challenges to be faced by the Group over the next three years. In line with the Company's long-term strategies, the Plan seeks to further align the interests of its beneficiaries with those of the Company by allowing the former to benefit from the

⁵ It should be recalled that the long-term Plan adopted is a closed, non-rolling plan. Therefore, no new beneficiaries can have access to the Plan until the closure of the same and the bonus is paid in full at the end of the Plan. To compare it with a rolling plan, the overall value should be split for the vesting years (3 years).

desired success of Brembo over the three-year period in question. The number of beneficiaries has been increased compared with the previous system, in view of the Group's goal of focusing on people and securing their engagement. Accordingly, the Plan's beneficiaries include, in addition to the Executive Deputy Chairman and the new Chief Executive Officer, Daniele Schillaci, a set of members of the management population, consistent with the complexity and responsibilities managed by each, for a total of approximately 45 individuals.

This is a pure cash plan that allows participants to accrue a Long-Term Incentive if the Plan objectives are met. The incentive is determined as a percentage of Gross Annual Salary (RAL), calculated based on the strategic and critical importance of the role, the impact of the role on Company results and the degree of challenge in finding replacement candidates on the market. The maximum incentive for the Executive Deputy Chairman and the Chief Executive Officer cannot exceed 1.33 times the amount payable in case the target objectives are achieved.

The reward component of the pay-out curve is offset by the fact that, for values falling below the entry point, no payment (proportional to the share for the performance objective) shall be paid.

If objectives are not reached for one or two of the three performance targets, beneficiaries are still entitled to payment of the bonus in proportion to the objective(s) actually achieved.

The LTIP costs are included in the Three-Year Business Plan objectives so that the LTIP is "self-financed" by the attainment of the objectives themselves.

Achieving the incentive is tied to 3 key performance indicators:

- Economic Added Value (EVA), used to measure the

growth in value during the 2019-2021 three-year period;

- Free Operating Cash Flow, stripped of the effects of institutional, regulatory and other factors that are completely beyond control on the part of the Management, as compared to the 2019-2021 three-year period target;
- the ratio between net financial debt and EBITDA (NFP/EBITDA), compared to the targets set for the individual years 2019, 2020 and 2021.

The Incentive Plan targets are designed to reward the Group's financial and capital soundness, in line with the industrial plan and the results achieved over recent years in terms of stronger financial performance and productivity recovery.

The following people are responsible for all assessments of the Plan, and are likewise responsible for all related decisions, as well as the implementation of the Plan Rules: a) the Chairman, where delegated by the Board of Directors, for the part of the Plan related to Brembo's Executive Deputy Chairman and the Chief Executive Officer; and b) the Chairman, the Executive Deputy Chairman and the Chief Executive Officer or another Director, severally, where delegated by the Board of Directors, for the part of the Plan related to Managers other than Brembo's Executive Deputy Chairman and the Chief Executive Officer.

The long-term incentive is paid, based on the Group's consolidated results, in a single payment at the end of the plan.

The Plan also has retention purposes: in addition to achieving performance targets, the entitlement of beneficiaries to receive the pay-out on the appointed date is conditional upon their ongoing employment or management role within Brembo or one of its Subsidiaries.

2.5. Indemnity in the Event of Resignation, Dismissal or Termination of Employment

The current contract between the new CEO in office, Daniele Schillaci, and the Brembo Group sets out specific rules for termination that provide for, in the event of:

- removal or non-renewal at the end of the Term of Office and/or Delegated powers without just cause (interpreted as per the law);
- resignation from the Office and waiver of the Delegated powers by Daniele Schillaci necessitated by such a serious reason as to make his continuation impossible;
- resignation from the Office and waiver of the Delegated powers by Daniele Schillaci following a change of control pursuant to Article 2359 of the Civil Code that has resulted in a substantial change in his position and/or his powers, occurring in the thirty days thereafter

payment of a one-off indemnity equal to 18 months of an amount corresponding to the sum of the Fixed Emolument for the Office, the non-competition agreement payment and the maximum amount payable by way of short-term variable component (MBO). The total amount allocated in the event of one of the aforementioned circumstances may not in any case be less than €3,600,000 gross.

The Brembo Group does not have agreements with other Directors holding special offices and Key Management Personnel to determine entitlements in the event of their leaving office or the termination of employment save those set down by the applicable legal and/or contractual requirements as per the National Collective Labour Contract.

2.6. Non-Competition Agreements

The Group may enter into non-competition agreements with its Directors, Key Management Personnel, Executives of Brembo S.p.A. and other roles requiring strategic or specific professional skills or expertise. Such agreements can stipulate the payment of a fixed amount or a proportion of Gross Annual Salary (RAL) in relation to the duration and scope of the limitation set forth in the agreement.

Such limitations vary according to trade sectors (and in any case those sectors in which the Group operates at the time of entering into the agreement) and territorial coverage. Additional variations can also relate to the role held at the time of finalising the agreement and can be extended to cover all those countries in which the Group operates.

2.7. Clawback/Malus

With effect from 2016, the short-term incentive system (MBO) and long-term incentive system (2019-2021 LTIP), in line with the provisions of the previous 2016-2018 LTIP, include a clawback clause, as required by Article 6.C.1 (f) of the Corporate Governance Code. In particular, the clause allows the Company to request the refund of part or all of the variable components of

remuneration (or to withhold deferred components), the award of which was determined on the basis of data or information that subsequently prove manifestly incorrect or determined in the presence of fraudulent behaviour or gross negligence on the part of the beneficiaries.

Section II

Foreword

This section has two parts. In the tables attached to Part Two, it provides details of the specific remuneration paid to individual members of the Board of Directors,

the Board of Statutory Auditors, and Key Management Personnel.

Part One

The details of the remuneration paid out in the year of reference (2019) are illustrated below. Details of the various items and additional data can be found in Section I of this Report.

The 2019 Remuneration Policy was assessed by the Remuneration & Appointments Committee as part of the periodic evaluations required by the 2018 version of the Corporate Governance Code (3 March 2020). The Committee confirmed that the Policy was consistent and compliant with the decisions previously taken by the Board of Directors. The Committee's assessment also confirmed the consistency of the 2019 Remuneration Policy with the available market data, both in terms of overall positioning and pay mix. More specifically, the 2019 Remuneration Policy was implemented through payment, where applicable, of the following items:

- emolument as member of the Board of Directors;
- emolument as Director holding special offices;
- Gross Annual Salary (RAL) and non-competition agreement, if any;
- emolument as member of Committees;
- a variable annual component based on the achievement of pre-set corporate objectives (so called MBO);
- a Medium/Long-Term variable component (so-called LTIP);
- benefits included in the National Collective Labour Contract and based on company practices.

For purposes of defining its Remuneration Policy, Brembo held a meeting with its main proxy advisors, with the aim

of assessing the opportunity of applying any suggestions that emerged during the discussion. This dialogue provided a valuable contribution on the perspective of the Shareholders and, more generally, of the market on how the characteristics of the Remuneration Policy adopted are perceived.

The General Shareholders' Meeting of 20 April 2017 approved the overall remuneration for the Board of Directors and the Board of Statutory Auditors. On that same date, the BoD approved the emoluments for the 2017-2019 term for the various governing and control functions, and for participation in Board committees and the Supervisory Committee, in accordance with market practice.

Following the resignation of Andrea Abbati Marescotti from his position as Chief Executive Officer and General Manager and the ensuing waiver of all related powers as of 1 July 2019, as announced on 3 May 2019, the Board of Directors co-opted Daniele Schillaci, pursuant to Article 2386 of the Civil Code, as Director and appointed him Chief Executive Officer, vesting him with all related powers. Subsequently, the Ordinary General Shareholders' Meeting held on 29 July 2019 confirmed his appointment through to the end of the term of the current Board of Directors, i.e., until the approval of the 2019 Financial Statements, and accordingly also reconfirmed the powers. On the same occasion the General Shareholders' Meeting approved the increase of the overall annual remuneration of the governing body, inclusive of the remuneration of Directors holding special offices, pursuant to and for the intents and purposes of Article 2389, paragraph

3, of the Italian Civil Code, up to an annual maximum amount of €9,500,000.00 for the remainder of the Board's term of office. On 29 July 2019, the Board of Directors therefore resolved on the related allocation, after its advance examination by the Remuneration & Appointments Committee and the Audit, Risk & Sustainability Committee on 21 June 2019. It should be noted that the change had no material impact on the emoluments for the 2017-2019 term of office for the different governing and control functions, as well as for participation in Committees and the Supervisory Committee of the members currently in office.⁶

The tables in Part Two of this Section provide the details of the remuneration granted to newly appointed members, re-elected members and outgoing members for the months of actual service.

In particular, the Board of Directors convened on 29 July 2019 did not approve any change with reference to the emoluments of the Chairman and the Executive Deputy Chairman, while a new emolument was set for the new Chief Executive Officer, Daniele Schillaci compared to that of the CEO who preceded him, Andrea Abbati Marescotti. The emoluments referring to 2019 are therefore on an annual basis:

- Chairman: €1,300,000;
- Executive Deputy Chairman: €250,000;
- Chief Executive Officer: €1,200,000.

The amounts for the above emoluments are detailed in the related items reported in Table 1, with regard to each beneficiary. The MBO incentive for the 2019 performance year shall be paid in 2020. The results for the 2019 financial year submitted to the Board of Directors upon proposal by the Remuneration & Appointments Committee at the meeting of 9 March 2020 determined a performance score for top management roles of 127.45%, using the percentage scale adopted.

More specifically, the amount to be paid out in 2020 as regards the short-term incentive is 127.45% (according to the definitive figures approved by the BoD of 9 March 2020) of the value envisaged by the objective, based on the relevant corporate performance evaluation in

relation to the achievement of the key performance indicators — Group EBITDA as an absolute value, Group EBIT %, Group ROI %, Group total sales, and Group sustainability index — for both the Executive Deputy Chairman and the Chief Executive Officer for the portion of the year during which Daniele Schillaci served in his position.

The application of this score resulted in the following pay-outs:

- for the Executive Deputy Chairman, a bonus of €916,046.88, equal to 73.28% of the annual fixed remuneration, taking into account the assigned (100%) and maximum (133%) incentive target levels;
- for the Chief Executive Officer, a bonus of €573,525.00 (six-month pro-rated value of the 2019 MBO), equal to 47.79% of the annual fixed remuneration, taking into account the assigned (100%) and maximum (133%) incentive target levels.

Lastly, it should be noted that in April 2019 Giovanni Canavotto left the office of System Division Chief Operating Officer, although retaining his role on the Company's Board of Directors until the natural end of his term of office. The management powers connected with his executive role have therefore been revoked, which qualified him as a Non-Executive Director.

Further details are provided under the "Variable non-equity remuneration/Bonuses and other incentives" item in Table 1, with relevant details in Table 3b.

Table 1 also illustrates the benefits awarded in 2019, valued in terms of tax liability. More specifically, these values relate to the following benefits: i) annual contribution to the supplementary pension fund; ii) annual contribution to the supplementary health insurance; iii) allocation of a car for business and personal use for at least three years (value net of the contribution from the beneficiary); iv) other supplementary care plans.

Finally, a non-competition agreement is currently in place with the Chief Executive Officer, with payment during his employment within the company.

⁶ Refer to Section I for the details of the new policies approved.
