

PRESS RELEASE

Due to the emergency situation Brembo will extend the temporary suspension of its Italian operations in Stezzano, Curno, Mapello and Sellero until further notice.

In the meantime, Brembo has worked on the disinfection and sanitization of all working environments and the implementation of numerous measures for the management of its staff health and safety. These include the use of protective masks to be worn throughout the day spent in the company and the predisposition of areas at every entrance of the Brembo facilities where employees will have their body temperature measured before entering the workplace. Finally, Brembo has introduced a series of changes that limits the presence of people both in the workplace and in public areas.

The company continues to monitor the evolution of the situation with the utmost attention and is ready to resume its activities as soon as conditions make it possible.

Stezzano (Italy), 11 April 2020
