

BREMBO RECOGNIZED BY CDP FOR ENVIRONMENTAL SUSTAINABILITY

In 2023, Brembo continued to stand out as one of the leading companies in addressing climate change and water security

Stezzano (Italy), February 7, 2024 – Brembo has been acknowledged by CDP for the year 2023 as a global leader in its efforts towards climate change and water security, achieving an A- rating in both categories.

CDP (formerly Carbon Disclosure Project) is a global non-profit that runs the world's environmental disclosure system for companies, cities, states and regions. CDP's annual analysis is widely recognized as the global benchmark for transparency and environmental action by companies. In 2023, CDP raised the bar for its analysis, assigning scores ranging from the lowest "D" to the highest "A" to over 21,000 companies based on information reported through its climate change, deforestation and water security questionnaires.

About Brembo SpA

Brembo leads the world in the design and production of high-performance braking systems and components for top-flight manufacturers of cars, motorbikes and commercial vehicles. Founded in 1961 in Italy, Brembo has a long-standing reputation for providing innovative solutions for OEMs and aftermarket. Brembo also competes in the most challenging motorsport championships in the world and has won over 600 titles.
